### Accreditation

THIS is fully accredited by the Western Association of Schools & Colleges (WASC).

**Introduction and Mission:** At Tsinghua International School (THIS) students engage in an Eastern and Western education. Now in its 13th year, THIS is a public international school affiliated with the nation's top university and high school. The school enrolls passport holding students from nations other than China and most identify culturally as Chinese. THIS's mission is to foster creative critical thinkers rooted in China who are prepared to lead in the global community. We aim to develop the whole child utilizing constructivist pedagogies and nurture individuals of exceptional character to positively contribute to the world. The school's core values are: collaboration, engagement, discovery, cultural diversity, and Tsinghua spirit.

**Language Study:** A hallmark of THIS is the requirement that students undertake advanced study in both the English and Chinese languages. The school's primary language of instruction is English, and students who are non-native English speakers take our regular courses. In Chinese language, we offer courses for both first- and second-language speakers, denoted on the transcript with "A" and "B" respectively. For students who are native speakers of Chinese, the curriculum is similar to that in a Chinese national school, with advanced work in history and literature to develop reading, writing and public speaking skills. Both Chinese A and B are more rigorous than AP Chinese.

**Independent Study:** Grade 12 students are eligible to participate in an independent study course if he/she is on track for graduation, achieves a minimum GPA of 3.25, and identifies an area in which he/she wishes to study in depth. The student works with a teacher to develop the course syllabus for the year, and meets regularly to focus on research and project development. At the end of the school year, students present their research or project to school faculty.

**Curriculum:** THIS follows an American curriculum including 16 AP courses. Other than our core courses, we also offered 20+ elective courses annually across various disciplines. Students may take a maximum of 8AP courses over four years with the exception of AP Chinese. In rare cases, students may appeal to the academic principal to exceed this maximum.

Grade 9: 0 /Grade 10: 2/Grade 11: 3/Grade 12: 3

**Co-Curriculum:** The co-curriculum includes 44 clubs, including 3 competitive athletic teams. Students are restricted to holding one Presidency/Vice Presidency at a time. Approximately 50% of each senior class participates in the competitive sports program.

**Application Policies:** This year, seniors are limited to **16** applications and can apply to a maximum of **4** countries. Per school policy, all letters of recommendations and transcripts are kept strictly confidential.
